

Accrington Market Casual Trader Update

May 2023

As a regular trader we would like let you know that we are fully invested in supporting the casual markets with “business as usual” to run successfully alongside the main market until 31st December 2023.

We are currently looking at options to further our markets beyond this date, more information to follow.

Pavilions

As previously discussed, planning permission has been granted for the removal of two pavilions, located on Peel Street.

At this point, discussions are still taking place to decide;

- whether one or both be removed
- how this space will be filled in the future

Cellars

Over the coming months we will be working closely with cellar tenants to organise the emptying of cellars. To aid you in this, we will be offering a free waste removal service, with a view to all cellars being fully vacant by the 10th December 2023.

Please speak with the porters who will inform you of the dates to dispose of any waste items.

TOGETHER, WE CAN BUILD ON HYNDBURN'S PAST FOR A PROSPEROUS FUTURE.
